

Wake up! It is time to live for more. This life isn't about you. It isn't about your comfort, your convenience, or even your personal happiness. True life is only found in following Jesus. This true life includes a great race to run! We must not stay sleeping while there is a kingdom to be advanced and disciples to be made! To wake up, means to exchange laziness and complacency for a more fully devoted faith and an urgency to share the gospel.

1

When it comes to the Gospel and your faith, how have you been "hitting snooze"? (*in other words, what excuses do you make to not go all in with Jesus*)

2

Do you struggle with viewing others too highly?
(*Read Galatians 1:10. What does God's word have to say about us trying to please other people?*)

3

Read Colossians 3:23-24. How can we balance serving others and serving God?

4

Do you view yourself too highly? What are some ways that you choose comfort over God? (hitting snooze instead of getting up early to pray and read your Bible, not sharing the gospel because it's a little uncomfortable, etc.)

5

Read Luke 9:23. As Christians, are we called to comfort? What does Jesus command us to do if we want to follow him? (*What does that mean and what action step can you take to live this out?*)

6

Is your view of God not high enough? Read 1 Corinthians 3:16. How should this truth change how we approach "taking up your cross"? Are you alone in it?

7

Read 2 Timothy 1:6-7. What is the "gift of God in you"? How can we "fan into flame" this gift?
(*If the Spirit of God is in us, how should that impact how we live our lives?*)
